

The ATRYN® Honor Program

The goal of this program is to assure that customers will only pay for the amounts (increments of 25%) of ATryn® that is actually used. The ATryn® Honor Program will 'honor' the self-reported usage from customers and will allow you to only pay for the amount of ATryn® that is used.*

If you use less than the full vial, we will issue you a credit towards the purchase of your next order of ATryn®. The amount of credit will correlate with the amount of each vial used.

For example:

You order 10 vials of ATryn®. In this lot, each vial contains 1750 IU. You use 500 IU from each of 5 vials, and 1000 IU each from the remaining 5 vials.

You will receive credit for 6565 IU (5vials X 875 IU credit) + (5 vials X 438 IU credit) towards your next ATryn® order.

In that way, you pay for *only the amount of product you use*.

<u>Amount used (in units)</u>	<u>Credit Amount (in units)</u>
0001 - 0438	1313 (25% used)
0439 - 0875	0875 (50% used)
0876 - 1313	0438 (75% used)
1314 - 1750	0000 (100% used)

Note: The actual number of units will vary by lot. For your convenience, an **ATryn® Credit Calculation** sheet for the specific lots shipped to you, similar to the above example, will be included in each shipment.

Your initial purchase will be billed at full-price, and credit will be issued upon receipt of your completed **ATryn® Pharmacy/Credit Log** (see attached form).

Credit has no cash value, and may only be used towards future purchases of ATryn®.

Credit will be issued and communicated to your Wholesaler, if applicable.

In order to participate in the ATryn® Honor Program, you must be registered with ABO Pharmaceuticals. Please call Esther at 858-566-6990 to register.

Please submit your **ATryn® Pharmacy/Credit Log** form when placing your order.

Send the completed form to:
